The background features a dark, almost black, space filled with vibrant red digital elements. Diagonal lines of varying thickness and brightness create a sense of depth and movement. Interspersed among these lines are patterns of binary code (0s and 1s) that appear to be glowing or pulsing. The overall aesthetic is high-tech and data-driven, typical of a digital or cybersecurity theme.

**GAFAM**

The image shows a person's hands holding a white rectangular sign. Behind the sign, four logos are visible: Google (a blue square with a white 'G'), Apple (a silver apple with a bite taken out), Facebook (a blue square with a white 'f'), and Amazon (the word 'amazon' in black with a yellow arrow). The text 'GAFAM' is written in large, bold, white capital letters across the center of the sign.

The background features a dark, futuristic aesthetic with glowing red binary code (0s and 1s) and data lines. A prominent diagonal line, possibly representing a data stream or a structural element, runs from the bottom left towards the top right. The overall color palette is dominated by deep reds and blacks, creating a high-tech, digital atmosphere.

# ADVANTAGES OF BUG BOUNTY

**CERT**

**TODAY...**

A close-up portrait of a man in a dark suit and light blue shirt, looking directly at the camera with a serious expression. The background is a dark blue gradient with a pattern of white binary code (0s and 1s) falling vertically, reminiscent of the 'Matrix' effect. The word 'AUDIT' is superimposed in the center of the image in a large, bold, white, sans-serif font.

**AUDIT**

# TIME LIMITED

# WITH BUG BOUNTY

A LOT OF  
EXPERTS...

The image features a grayscale background with a spiral of clock faces. The spiral starts from a small clock face in the center and expands outwards, creating a sense of depth and movement. The clock faces are rendered in a clean, modern style with large, bold numbers and small dots for hour markers. Overlaid on this background is the text "24/7 SERVICE." in a large, white, sans-serif font. The text is centered horizontally and spans across the middle of the image, with the period at the end of the word "SERVICE." clearly visible.

**24/7 SERVICE.**

:)

A stylized illustration of a city street at night. The scene is dark, with a prominent light source from a street lamp on the left, casting a bright, triangular beam of light downwards. In the center, a person is depicted from the chest up, wearing a wide-brimmed hat with a dark band and a light-colored coat. The person's face is partially obscured by the large, bold text. To the right, another street lamp is visible, and the background shows faint outlines of buildings and more streetlights, suggesting a cityscape.

**TRANSPARENCY**

A man with a beard and intense expression, wearing a dark, primitive-looking garment, holds a spear. He is surrounded by a chaotic scene of what appears to be a battle or a destroyed settlement, with debris and other figures visible in the background. The word "INVOLVEMENT" is superimposed in large, bold, white, sans-serif capital letters across the center of the image.

# INVOLVEMENT

A woman with brown hair pulled back is peering over a dark, horizontal surface. Her eyes are wide open, and her expression is one of surprise or concern. Her hands are visible, gripping the edge of the surface on either side of her head. The background is a plain, light gray.

# INITIAL SECURITY

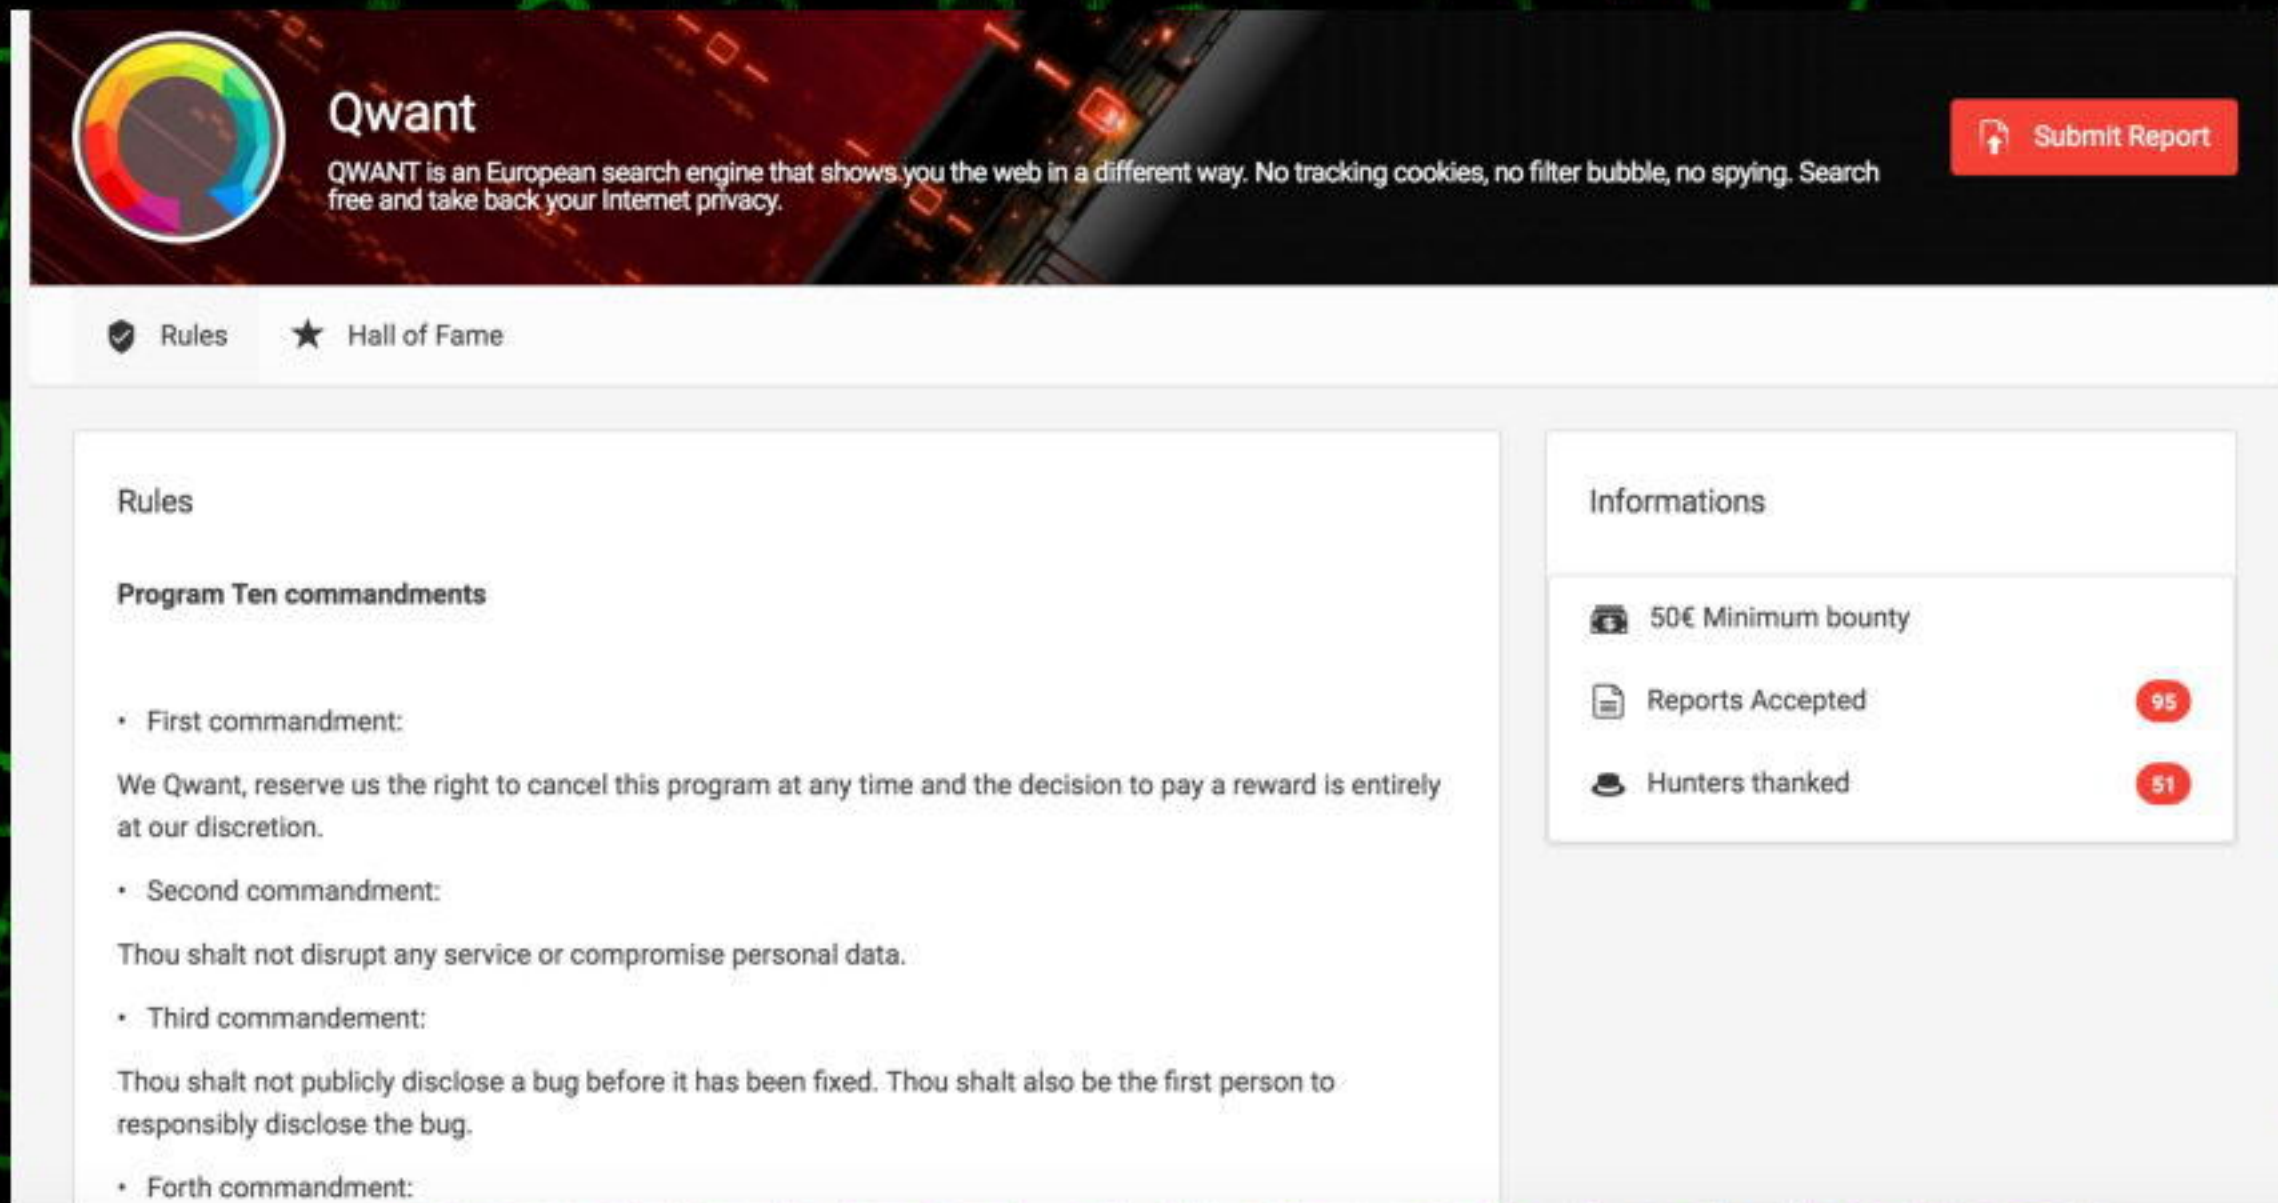

The image features a central black area with a bokeh effect of soft, out-of-focus light spots. This central area is framed by two thick, vertical red curtains that appear to be pulled back, revealing the black background. The text is centered within this black area.

## Statement by Pentagon Press Secretary Peter Cook on DoD's "Hack the Pentagon" Cybersecurity Initiative

Press Operations

Release No: NR-070-16

March 2, 2016

[PRINT](#) | [E-MAIL](#)

The Department of Defense announced today that it will invite vetted hackers to test the department's cybersecurity under a unique pilot program. The "Hack the Pentagon" initiative is the first cyber bug bounty program in the history of the federal government.

The Flash is shown in his iconic red suit, complete with a lightning bolt emblem on his chest and a matching mask. He is positioned in the center of the frame, looking slightly to the right with a determined expression. His right hand is raised near his face, and his left hand is extended forward. The background is a vibrant, fiery orange and red, filled with streaks of light and bright yellow lightning bolts that create a sense of intense energy and speed. The overall composition is dynamic and visually striking.

**QUICK PATCH**

The image shows two identical young girls standing side-by-side in a room with patterned wallpaper. They are wearing matching light blue dresses with white collars and belts. The text "TAKE CARE OF DUPLICATES" is overlaid in large, white, bold, sans-serif capital letters across the center of the image.

**TAKE CARE OF  
DUPLICATES**

The background features several overlapping labels and a red arrow pointing to the right. One label is blue with white text, another is white with black text, and a third is white with black text. The red arrow is prominent in the center. The main text is overlaid on these elements.

**CORRECTION IS  
THE PRIORITY**

# THE CURVE

## Bounty Submissions Per Week

A gold bounty hunter seal is centered on a black background. The seal is circular and features an eagle with its wings spread, perched on a globe. The eagle is facing left. The words "BOUNTY" and "HUNTER" are inscribed in a circular border around the eagle. The word "BOUNTY" is at the top and "HUNTER" is at the bottom. The seal has a metallic, reflective appearance.

### full disclosure lists

---

*From:* full-disclosure () lists netsys com (Chris Wysopal)

*Date:* Wed, 10 Jul 2002 21:44:24 +0000 (GMT)

---

Vulnwatch is another full disclosure mailing list. It is an advisory only list. No discussions, just advisories. We have 3 moderators: RFP, Steve Manzuik, and me. Information is available at [www.vulnwatch.org](http://www.vulnwatch.org).

We have been in operation for just about a year. We have never delayed or rejected a posting that contained new vulnerability information. We have over 4000 subscribers.

People interested in just the advisories and not the discussions that frequently crop up on security lists may want to check us out.

Cheers,

Weld Pond  
Moderator
